

## Guidance for Travelers under Treatment Carrying Personal Medications Containing Narcotic Drugs into/out of Thailand

In Thailand, medicines are regulated differently depending on their drug categories. Travelers under treatment carrying personal medications who travel into/out of Thailand must strictly follow the regulations applicable for the types of medicines they are carrying.

Narcotic Drugs regulation under Narcotic Act B.E. 2522, travelers who travel into/out of Thailand under medical treatment with medications containing narcotic drugs category 2 and 5 (only for Hemp's product) are required to obtain a permit issued by the Food and Drug Administration before traveling into/out of Thailand and must follow the applicable regulations strictly.

### Step 1

#### Check the drug

- Travelers can check the category of medications that they bring into/out of Thailand on <http://permitfortraveler.fda.moph.go.th/>
- Only narcotics category 2 and 5 (only for Hemp's product) are required to obtain a permit from Thai FDA.
- The quantity must not exceed 90 days of prescribed usage.

### Step 2

#### Required information and documents

- The exact date of travel.
- The exact port of initiation and port of arrival in Thailand.
- The medical prescription or medical document.  
(Please identify for "Hemp" in the prescription or medical document ex. Hemp oil.)
- The copy of passport.

### Step 3

#### Apply for a permit

- You should apply for a permit around 2 weeks but not more than 1 month prior to the date of travel.
- Form IC-1 (application for carry in) is used for traveling into Thailand.
- Form OC-1 (application for carry out) is used for traveling out of Thailand.

### Step 4

#### Declaration

- Entry into Thailand: You must present the medications, medical documents and the permit at the Customs Department (Red Channel).
- Exit from Thailand: You must present the medications, medical documents and the permit at the Customs Department upon request.
